

AVIONICS AND VEHICLE FIBER-OPTICS AND PHOTONICS CONFERENCE  
**AVFOP2019**

# SPONSOR & EXHIBITOR PROSPECTUS

2019 AVIONICS & VEHICLE FIBER-OPTICS AND PHOTONICS CONFERENCE

5-6 NOVEMBER | ARLINGTON, VIRGINIA USA

The AVFOP conference provides an indispensable international forum for the academic, industry, and government R&D community developing fiber-optic/ photonic components and system technologies for avionics. While from the beginning the topics discussed and solicited have been inclusive of all mobile platforms, this year, in addition to avionics, we would like to specifically encourage papers covering fiber optic / photonics technologies across mobile platforms, on surface ships, submarines, and ground vehicles.

The conference program will feature select expert invited speakers, but we again rely on a strong contributed paper program, and ask all of you to submit your work and meet us in Arlington in 2019. The AVFOP conference has attracted a strong group of exhibitors in past years and we expect this trend to continue, providing the participants with an opportunity for direct interaction with vendors during the conference.
